Dear Parents and Carers,

### Re: Curriculum Update

At Glenmoor and Winton, we are committed to ensuring that you feel fully informed about what your child is learning throughout the year. Understanding the curriculum not only helps you stay connected with your child's education but also enables you to support their learning at home.

To make this easier, we would like to highlight where you can find detailed information about the curriculum on our school website. These pages outline what each year group is learning across all subjects, including key knowledge, vocabulary, and the themes being explored in class.

You can find this information here: [Curriculum | Glenmoor Academy](#)

An overview by Year Group and Subject can be found here: [Curriculum Overview 2025-26.pdf](#)

In addition, each subject area has its own dedicated page where you can explore curriculum intent, key learning objectives, and resources.

Subject specific curriculum pages can be found here: [Curriculum by Subject | Curriculum | Glenmoor Academy](#)

### Knowledge Organisers

Alongside the curriculum pages, we strongly encourage you to make use of the Knowledge Organisers available on the website and all students are issued with their own copy. These are excellent resources designed to support pupils in becoming more confident, independent learners.

Knowledge Organisers provide:

- **Key facts, concepts and vocabulary** your child needs to secure within a topic
- **Clear, concise summaries** of essential learning
- **A great support for self-quizzing, retrieval practice and revision**
- **Helpful reference points for homework**, making learning more accessible at home

These documents are incredibly beneficial for boosting long-term memory, building subject confidence, and helping pupils take greater ownership of their learning.

Knowledge Organisers can be found here: [Knowledge Organisers | Curriculum | Glenmoor Academy](#)

### Remote Curriculum

We also want to remind parents that our **Remote Curriculum** remains available online. This section provides high-quality learning materials, lesson resources, and subject content that mirrors what is taught in school. It is an excellent tool for:
